WILMINGTON'S GRIEVANCE. The Citizens Not Pleased with the Pro-

WILMINGTON, Del., Dec. 8 .- A delegation members of the Board of Trade went to Tashington to-day to consult with Supervising Architect Freret in relation to the proposed new Post Office for this city. Congressman Lore, at the last sension of Congress, succeeded in having passed a bill appropriating \$150,000 for a new Federal building in this city. In for a new recersa culturing in this city. In source of time \$30,000 of the money appro-priated were used to purchase a lot that was set at all satisfactory to the citizens. When the plans of the new building, as prepared by the plans of the new building, as prepared by architect Bell, were made public, the indignation of the citizens came up again. It was send that the proposed structure was less conveniently arranged than the present Federal building, that proper provision had not seen made for all the departments which were seen was not attractive. Judge Wales wrote to if. Freret, who came to Wilmington, viewed the situation, and promised to consider the obserious that had been presented to him. As at the Board of Trade took hold of the mater. The objections made to the niggardly apportation are based upon the amounts given estiles with less popplation, and the general spinon is that it would be better to go without a pew building unless one in keeping with the size and importance of the city is erected.

Sr. THOMAS, Ont., Dec. 8.—A large public meeting was held here to-day under the mently formed here for the purpose of semoting the closest trade relations with the United States. The purpose of the meeting was to hear addresses from Goldwin Smith and Erestus Wiman of New York, the latter of whom had been requested to discuss commercial union with the United

to discuss commercial union with the United fixtes with especial reference to the hostility to the movement of the English Government, as indicated by the utterance of its envoy, Mr. Chamberlain, a representative of English manufacturing interes."

Mr. Wiman contended that under close trade union with the United States both countries would be enormously benefited, and that Canada would have an opportunity to make the same relative progress as had the United States. He asked the question. "If the free dimission of goods into Canada from the United States benefits Canada to an extent far greater than discrimination against English soods intures the manufacturers of England, what is the duty of the Government of England in the premises? Is it that the far greater interests of the 5,000,000 peonle of Canada should be sacrified for the limited interest of 500,000 of Manchester or Birmingham?"

Harvard's Boating Board.

CAMBRIDGE, Dec. 8 .- All the fall there has been an air of mystery over the boating men at Harvard. While interest of the students has been centred in the football eleven. Capt. Pleffer has been putting a few candidates for the crew through their daily work in the gymassium. Their pulling on the rowing machines assium. Their pulling on the rowing machines has been done in a locked room. Very little is known of what goes on in that room, but the names of the Graduate Governing Board for Boating have leaked out. They are R. Clifford Watson, who has been identified with Harvard boating for years; Robt. Bacon, who was captain of the footbail sleven in 1879 and rowed on the Yarsity eight in the following syring, and Frank Posbody, who was a member of the same crew with Mr. Bacon. They are all deeply interested in Harvard's sporting interest, and will virtually run the college boating.

PHILADELPHIA, Dec. 8.—Rosario Pedano, the Italian, who last night stabbed and killed his paramour. Mary Shields, with a large butcher knife, died this afternoon at the Pennbutcher knife, died this afternoon at the Pennsylvania Hospital from the injuries he received from the same weapon which killed the woman. Pedano was 28 years of age, and the woman 25. They had been living together about a year. Pedano at the hospital raid that the woman had first stabbed him, and that he had then grasped the knife and dealt her the fatal blow, he police, however, are inclined to the belief that Pedano first killed the woman and then stabbed himself.
